WOOD'S CROP SPECIAL

Giving Timely Information and Prices of Seasonable Seeds

PUBLISHED BY T.W. WOOD & SONS SEEDSMEN RICHMOND VA.

VOL. XXVII.

AUGUST EDITION

Plant a Fall Garden and Have Vegetables all Winter

Too often the fall garden is overlooked. It is the late plantings that will supply you fresh vegetables in the winter months at a time when they are scarce and bring the highest price on the market.

T. W. Wood & Sons, like enterprising and successful farmers, are always working, making hundreds of tests, to secure the best and the latest in the way of seeds. A close touch is kept with all the Agricultural Experiment Stations, the U. S. Dept. of Agriculture, and many leading farmers.

We not only produce and sell good seeds, but are ready at all times to give sound and worth-while advice, free of cost, in regard to production of crops of all kinds.

We have left no stone unturned to provide our customers with seeds not only high in performance but high in germination and quality.

TURNIP AND RUTABAGA

Wood's Imp. Purple Top White Globe Turnip

Sow in July or August either broadcast or in rows 2 feet apart and then thin out to 4 inches apart. Sow salad varieties in August or September. An ounce plants 100 feet of drill; 1½ pounds one acre in drills; 2 pounds one acre broadcast; sow salad varieties 3 pounds to the acre.

PRICE: All varieties, unless otherwise quoted, Pkt. 5c.; oz. 8c.; ¼ lb. 18c. lb. 50c.; 2 lbs. 90c.; 5 lbs. \$1.95; 10 lbs. \$3.60 postpaid.

MILAN TURNIPS

At least a week earlier than any other. They are without an equal for the table.

No. 445. **EXTRA EARLY WHITE MILAN**—Pkt. 5c.; oz. 10c.; ¼ lb. 25c.; lb. 75c.; 2 lbs. \$1.25; 5 lbs. \$2.90 postpaid.

No. 446. **EXTRA EARLY PURPLE TOP MILAN**—Pkt. 5c.; oz. 10c.; ¼ lb. 25c.; lb. 75c.; 2 lbs. \$1.25; 5 lbs. \$2.90 postpaid.

No. 450. Wood's Improved Purple Top White Globe

Handsome appearance and extra fine quality easily account for the universal popularity of our splendidly bred strain. Globe-shaped, of good size; the upper part purple, the lower part pure white, with fine-grained, tender, pure white flesh. For table use, it is at its best when about three inches across, but for stock feeding it should be grown to full size. For the private garden and for market it has no superior; a heavy cropper, early and of extra good quality. Pkt. 5c.; oz. 10c.; 2 ozs. 15c.; ¼ lb. 20c.; lb. 60c.; 2 lbs. \$1.00; 5 lbs. \$2.25; 10 lbs. \$4.10 postpaid.

No. 449. **MAMMOTH PURPLE TOP WHITE GLOBE**—White with purple-tops. A big yielder; fine for the table and stock feeding.

No. 447. **EARLY RED OR PURPLE TOP**—Flat; white with purple top; fine grained and tender; one of the best early turnips.

No. 448. **EARLY WHITE FLAT DUTCH**—One of the best early turnips for the family garden; sweet and tender.

No. 451. **LONG WHITE COWHORN**—A productive, quick growing turnip of excellent quality, fine grained and sweet. Often twelve to fifteen inches long.

No. 452. **WHITE EGG**—An early, egg-shaped, smooth, pure white variety with small tops. Flesh sweet, firm and mild.

No. 453. **LARGE WHITE NORFOLK GLOBE**—Makes large, round, white roots; excellent for table or stock; also quite largely used for winter salad.

No. 454. **POMERANIAN WHITE GLOBE**—Extra large, round white; fine for table and stock; a big yielder.

No. 456. **PURPLE TOP YELLOW ABERDEEN**—A splendid keeper. Flesh is yellow, very solid, tender and sweet. Hardy and a good yielder; fine stock turnip.

No. 457. **LARGE AMBER OR YELLOW GLOBE**—Globe shaped, solid yellow flesh. Fine for table and stock; keeps well.

No. 458. **GOLDEN BALL OR ORANGE JELLY**—One of the sweetest and best yellow turnips; hardy; flesh is firm and of most excellent flavor.

No. 461. **MIXED TURNIP SEEDS**—A fine home garden mixture of all varieties.

SALAD TURNIPS

No. 462. **SHOGON OR JAPANESE**—Resists insects and can be grown in hot weather; makes a turnip 2 to 3 inches in diameter. Pkt. 5c.; oz. 10c.; ¼ lb. 20c.; lb. 60c.; 2 lbs. \$1.00; 5 lbs. \$2.25 postpaid.

No. 450. **SOUTHERN PRIZE OR DIXIE**—Hardy and needs no protection; the most popular turnip for winter and spring salad.

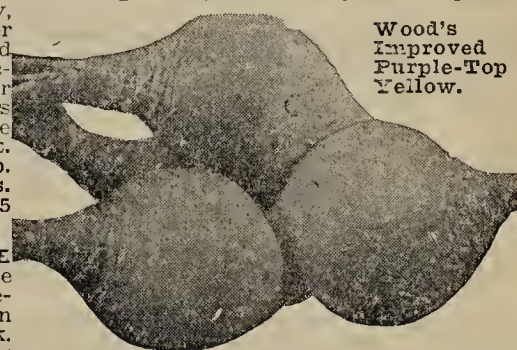

No. 460. **SEVEN TOP**—A very hardy variety, grown exclusively for salad. Pkt. 5c.; oz. 8c.; ¼ lb. 15c.; lb. 45c.; 2 lbs. 80c.; 5 lbs. \$1.75 postpaid.

RUTABAGA OR SWEDE

No. 465. Wood's Improved Purple Top Yellow

An improved strain of the finest yellow-fleshed rutabaga grown from roots selected for large size, uniformity in shape and fine quality. Hardy,

sweet a good keeper and the best shaped and most productive. Excellent for the table, and has high feeding value as stock feed. Pkt. 5c.; oz. 10c.; ¼ lb. 20c.; lb. 60c.; 2 lbs. \$1.00; 5 lbs. \$2.25 postpaid.

Wood's Improved Purple-Top Yellow.

No. 466. **PURPLE TOP YELLOW**—The old standard variety; largely grown for table and stock. A large yielder; sweet and solid, good keeper; hardy.

No. 455. **WHITE SWEET GERMAN**—Fine for table and stock; flesh hard, firm and sweet; a good keeper.

No. 467. **LARGE WHITE OR RUSSIAN**—The flesh is white, firm, sweet; grows large; fine for table and stock.

INSECTICIDES AND SPRAYERS

Magnesium Arsenate For Bean Beetle and other leaf-eating insects.—The various State experiment stations recommend magnesium arsenate for killing the Mexican bean beetle; it burns the leaf less than other recommended insecticides. For spraying use 1 lb. to 50 gallons of water; for dusting, 1 lb. to 5 lbs. air-slacked lime. 2-lb. pkg. 70c.; 100-lb. drum \$25.50. Cannot be mailed.

Bordeaux Mixture For blights, scab, mildew, etc.—Prevents many fungus diseases of plants and improves the quality and increases the yield. Apply on all vine crops, grapes and fruit trees, etc. 8 lbs. to 50 gallons water makes a 4-4-50 mixture (3 level tablespoons to 1 gallon). 1 lb. 20c.; 4-lb. pkg. 60c.; case (12 4-lb. pkgs.) \$5.25. Cannot be mailed.

Black Leaf 40 Kills Aphids
40% Nicotine

than 40 per cent of nicotine.

For Poultry Lice paint the top of the roosts and repeat in ten days and your poultry will be rid of lice. An ounce bottle paints 12 to 15 feet of roost; 1 pound 190 to 240 feet. 1-oz. bottle 35c.; 5-oz. bottle \$1.00; 1 lb. \$2.50; 2 lbs. \$3.75; 5-lb. pkg. \$7.00; 10-lb. pkg. \$11.85. Cannot be mailed.

the EVERGREEN to PROTECT YOUR GARDEN

For Chewing and Sucking Insects. Not poisonous. An ounce makes 6 gals.; ½ pint makes 50 galls. By mail postpaid, oz. bottle 40c.; 6-oz. bottle \$1.10; 16-oz. bottle (pint) \$2.15; 32-oz. (qt.) \$3.75. Not postpaid, oz. bottle 35c.; 6-oz. bottle \$1.00; 16-oz. bottle \$2.00; 32-oz. can \$3.50; gallon \$11.50; 5 gallons \$45.00.

—For Sucking Insects and Poultry Lice. A teaspoonful to a gallon of water. Kills plant lice on roses, shrubbery, fruits and vegetables. Contains not less

Hand Sprayer —Very useful in small gardens, greenhouses, for spraying house plants, poultry houses, etc., applying liquids in a fine mist, with no waste. By mail, postpaid, 65c. Not postpaid, 50c.

COMPRESSED AIR SPRAYERS

Perfection Sprayer —A splendidly built high pressure sprayer, easy to operate and economical to use. Capacity 4 gallons; the tank is made of first quality copper bearing brass or galvanized sheets; all seams are riveted and soldered; the pump cylinder is seamless brass, non-corrosive; has a brass automatic shut-off valve in the nozzle that operates perfectly under all pressures; an efficient and durable automatic brass air valve; equipped with 2 feet of hose and brass extension pipe. The Perfection is the best of all compressed air sprayers; every tank is tested under pressure of 90 to 100 pounds.

	By Mail Postpaid.	Not Postpaid.
Galvanized Steel Tank	\$6.40	\$6.00
Brass Tank	9.40	9.00

Continuous Sprayer —Gives a uniform, continuous spray on both up and down stroke; sprays fly oils, insecticides and disinfectants. Operates at any angle, all parts accessible for cleaning. Pint Size—By mail postpaid, 65c. Not postpaid, 50c. Quart Size—By mail postpaid, 85c. Not postpaid, 70c.

High Yielding, Uniform Crops are Always Obtained from Wood's Triple Cleaned Seeds

TO EVERY FARMER

Under present economic conditions it is necessary that every dollar of your purchases be spent wisely. This applies more to seed purchases than any other item for the farm. Demand quality seeds that have a record of dependability. You must produce large yielding crops in order to keep your production costs low.

In this **Crop Special** we are offering only the best quality seeds obtainable, cleaned to the highest degree, and seeds that will produce crops that you expect. **Wood's Seeds** are offered at exceptionally low prices, which will justify your continued patronage. When planning your operations be sure to include winter cover crops, a permanent pasture, sufficient hay and grain crops for at least your actual needs and above all keep your garden working by making regular monthly plantings.

Yours for better times,

T. W. WOOD & SONS

SPECIAL OUTSTANDING RECOMMENDATIONS FOR FALL SEEDING

New Crop Domestic Crimson Clover

One of the best soil-improving, hay and cover crops for summer sowing. Crimson Clover will keep up the productivity of the farm, a most essential factor in these days. Sow 20 lbs. per acre.

Domestic Crimson Clover is a surer cropper than imported seed, having stronger germination and much higher purity.

Wood's Pedigree Abruzzi Rye

A very popular crop for both grazing and grain. Can be pastured during the fall, winter and early spring—still producing a heavy yielding grain crop. Be sure and secure the genuine strain. **Wood's Pedigree Abruzzi** is grown from certified seed and can be depended upon to give maximum yields.

**WOOD'S
SEEDS**

THE SIGN OF
QUALITY

Certified Woodleaf Smooth Vetch

A new variety, free from so-called hair that you find on Hairy Vetch, giving better quality hay. More resistant to disease, and makes a heavier winter growth. Will make a surer seed crop, and just as hardy or harder than Hairy Vetch. We believe this new Vetch is destined to take a prominent place in Southern agriculture.

Wood's Pedigree Norton Oats

Slightly earlier than Fulghum and 25 days ahead of Virginia Gray Winter. Produces good long heads, plump grains, hardy and rust resistant. This past season Norton Oats yielded 72 bus. per acre in comparison to 40 and 45 bus. of other varieties of fall sown oats. Has remarkable stooling qualities, as high as 32 stools from one grain.

Be Sure to
Treat all Seed Grain
Before Planting

It is Cheap Crop
Insurance.
See page 6.

Wood's Special Grass and Clover Mixtures

Late August and September is the best time for putting in permanent pasture and hay crops. Our Special Mixtures, adapted for various soils, will give the largest yielding and most dependable crops. There is no better time than now to put in permanent crops, as the seeding cost per acre of our Special Mixtures are the lowest on record.

Wood's Verified Origin Kansas Alfalfa

A constant dividend payer, and a crop that should be included on every farm. Three to five cuttings per season of nutritious hay, besides greatly enriching the soil. Insist on genuine **Verified Origin Kansas Grown Alfalfa**, the outstanding strain for bumper crops. A good seed bed, lime, inoculation and adaptable seed, assure success with Alfalfa.
